

Brokerslink

by brokers, for brokers

**A different
experience
of insurance
broking**

Brokerslink
is a global
broking
company
that owns
and manages
a worldwide
insurance
broking
network.

Providing partners and affiliates
in 133 countries with professional
risk & insurance expertise, and
global market access.

Brokerslink clients benefit of the
expertise, services and reach of an
international player, while leveraging
from the embedded knowledge
and relationships that only local
brokers possess.

A unique solution that combines the strength of independent brokers with world class specialists, creating an integrated network of insurance professionals.

True global scope.

Experts across the globe with deep local roots working together over products lines and geographies to provide clients with tailored insurance solutions.

World-class expertise going beyond insurance.

Collaborative and diverse ecosystem: a perfect blend of independent brokers and multifaceted specialist companies operating in risk consulting, captive management, asset valuation, claims management, legal services, and technology.

Innovative market position. High quality services.

Duly selected top-ranking independent brokers, committed in providing great client satisfaction.
