

# What is rimap®?

Be the Risk Professional of the 21st century – join a dynamic learning path!

**FERMA**

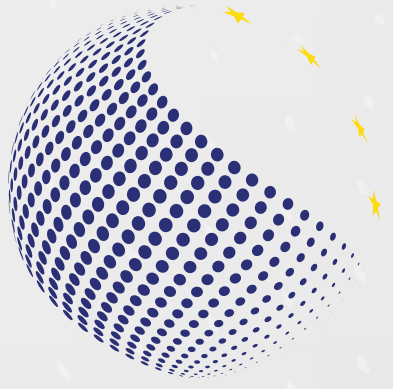

Anticipating changes  
Shaping the future

# FERMA rimap® certification is unique

- 1. Professional recognition:** Gain independent confirmation of your risk management competencies.
- 2. Career advancement:** Enhance your career prospects and credibility in the field.
- 3. European standard:** Achieve a certification recognized by FERMA's 23 national associations.
- 4. Continuous learning:** Stay updated with the latest risk management trends and strategies.
- 5. Networking opportunities:** Connect with a community of certified risk professionals.

# Four sets of learning material developed by FERMA's team of risk experts

## 1. Essentials of risk management

- Understanding of the principles and frameworks that underpin an efficient and coherent risk management process

## 2. Risk assessment

- Capability to identify, compile, analyze, evaluate and measure exposure to various categories of risk

## 3. Risk treatment I

- Understanding of a wide range of risk control techniques, including prevention, protection and reductions

## 4. Risk treatment II

- Understanding of techniques used for financing retention, transfer through insurance or alternative risk transfer

*Available on the platform after enrollment!*

# Who can apply to the FERMA rimap® certification?

## Education

- Master's degree or equivalent
- Bachelor's degree or equivalent

## Experience

- To calculate the number of years of experience, you need to take into account:
  - The number of years of experience in a full-time Risk Management position
  - Risk Management includes related fields such as insurance, law, audit/finance, health and safety, and business continuity
  - 1 year of experience represents the equivalent of 12 full-time months

# Certification Levels

## Entry level

- for theoretical knowledge in risk management (students or no effective experience in risk management)

## Professional level

- for practical knowledge in risk management with a minimum of 3 years experience in the field, even if not continuous, in the 5 years preceding the request for certification

## Advanced level

- for those having followed the rimap<sup>®</sup> Advanced Workshop and with 10 years experience in the field, even if not continuous, in the 15 years preceding the request for certification

# What can I expect for my examination date?

## Exam day:

One exam date per month

2-hour online exam with 100 questions

## Technical requirements:

- Computer & internet connection
- 3 hours of continuous availability without disruption

Exam results are automated through the computer system. The candidate will be notified within a week of their result by the FERMA LHWC team.

# FERMA rimap® is a dynamic learning path

## **RIMAP exam is a starting point**

- **50 points over 3 years** to maintain your FERMA rimap® certification level
- Multiple occasions to collect CPD (Continuous Professional Development) points:
  - FERMA Forum and Seminar
  - National association's events
  - Online and informal activities (webinar, research...)

## **Lifelong learning** is an economic imperative

- Once certified, important for risk professionals:
  - To stay up-to-date
  - To increase their knowledge with tailor-made activities.
